

Subject: Urgent Appeal Regarding GTU 8th Semester Exam Fee Issue

Respect GTU,

I am Vedant Patel from Shree Swaminarayan Institute of Technology currently studying in 8th semester.

My enrolment number is 201250107058 and my examination of 8th semester IDP project report Viva.

I hope this message finds you well. I am writing to bring to your attention a pressing issue that I and 19 other students are facing regarding the payment of exam fees for the upcoming GTU 8th semester examination.

Unfortunately, due to misleading information on the portal, none of us were able to successfully submit or pay our exam fees within the designated timeframe. Despite our efforts and a formal application submitted to the registrar of GTU, no actions have been taken to rectify the situation.

As a result, all 20 of us are now at risk of losing an entire year of our academic careers due to what can only be described as an oversight on the part of GTU. We firmly believe that such drastic consequences for a simple administrative error are unjust and unacceptable.

We kindly request GTU to reconsider our case and provide us with a last chance to rectify the situation and take the 8th semester examination. We understand the importance of adhering to deadlines and regulations, and we assure you that this situation was beyond our control.

Your prompt attention to this matter would be greatly appreciated, as it has significant implications for our academic and professional futures.

Thank you for your understanding and cooperation.

Sincerely,

Vedant Patel
